come before practice to register your child.

The Marauder Wrestling Club is dedicated to promoting the sport of wrestling and the valuable life skills it instills—discipline, toughness, and teamwork.

Teaching young people the value of hard work, respect, and building self-confidence.

For the last couple of decades the Marauder Wrestling Club has been the primary feeder of the Warren Mott High School wrestling program which is known for outstanding individual and team achievements, including multiple District and Conference championships as well as a top 8 finish in the 2023-24 team state finals, we strive to continue building champions on and off the mat.

Our goal is to help guide our student-athletes to become the best they can be and prepare them to face all of life's challenges.
